The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director Division of Water Room W264 402 West Washington Street Indianapolis, Indiana 46204

For a petition to be considered valid it must:

- 1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
- 2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
- 3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
- 4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water Room W264 402 West Washington Street Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Application # : DR-421

Stream : Castleman Ditch

Applicant : Starke County Surveyor

Mark MacKillop

53 East Mound Street Knox, IN 46534-1104

Description : The project consists of removing 2-3 feet of material (or to the original bottom)

from the channel. Vegetation will be cleared from the bank on which previous work has occurred. Vegetation, trees and brush will be burned and buried. Stumps will be left in the banks and treated with Tordon or an equivalent. Spoils will be leveled within the easement to a thickness not to exceed 6" and sloping landward from the channel. The spoils will be placed at least 10' landward of the top of the ditch bank. Disturbed areas will be reseeded. Details of the project are contained in information and plans received at the Division of Water on June 30,

2004.

Location : Beginning at the confluence with Bartee Ditch 3500 feet downstream of the 800

South road crossing and continuing upstream approximately 6.75 miles DOWNSTREAM: near Bass Lake, North Bend Township, Starke County

Stream : Carpentier Creek

Applicant : Evansville Sewer and Water Utility

John R Rexing PO Box 19

Evansville, IN 47740-0019

Description : Approximately 3600' of a 36" diameter sewer line will be placed along and

beneath the creek. The line will be placed by the open trench method. The portion of the sewer line under the stream will have 8' of cover beneath the streambed and 3' in the banks. Riprap will be placed along portions of the banks at the crossing. Details of the project are contained in information received

electronically at the Division of Water on April 26, 2004 and in plans and information received at the Division of Water on June 14, 2004 and July 1, 2004.

Location : Beginning along the left (east) overbank and continuing downstream and crossing

the creek just downstream of the Broadway Avenue stream crossing and

continuing west approximately 2400'

Stream : White Lick Creek

Applicant : Perry Industrial Park II, LLC

David Held

4937 Fieldstone Drive

Whitestown, IN 46075-9702

Description : This project consists of the realignment of approximately 1120 feet of the channel

of the White Lick Creek, the construction of two retention ponds, outfall structures, and a bridge structure over the new channel. The realignment is being proposed in order to reduce the extent of flooding of the proposed Industrial Park, which will be located adjacent to the relocated creek. The new channel will be approximately 1120 feet long and 10 feet deep, with a bottom width of 24 feet and 4:1 slideslopes. Details of the project are contained in information received

electronically at the Division of Water on July 6, 2004 and in plans and

information received at the Division of Water on June 18, 2004, July 13, 2004,

and July 16, 2004.

Location : Beginning approximately 500' upstream (north) of the 121st Street stream

crossing and continuing upstream 1200'

DOWNSTREAM: near Fayette, Perry Township, Boone County E½, W½, NW¼, Section 35, T 18N, R 1E, Fayette Quadrangle

Application # : FW-22970

Stream : Messersmith Creek

Applicant : Wakefield Associates, LLC

Kevin McGinnis 200 Century Building

36 South Pennsylvania Street

Indianapolis, IN 46204

Description : A bridge will be constructed over Messersmith Creek. The structure will be a

single span 32 foot wid three sided concrete box. The structure will have an out to out length of 50 feet and a celar roadway width of 28 feet. The clearance under the bridge will be 8 feet. Aproximately 100 feet of length of stream channel will be impacted by the bridge and approach fill. The side slopes of the fill will be at 3:1. Wingwalls will be built on both sides of the bridge. Along the toe of the wingwalls we will place rip-rap. Erosion control blankets and seeding will be applied on the banks where construction has taken place. The request is the same as previously

approved application FW-21472. Details of the project are contained in information received electronically at the Division of Water on July 6, 2004.

Location : Messersmith Creek 1300 feet north of Honey Creek with the boundary of the

project being approximately 1250 feet and 1350 feet north of Honey Creek. This project is located west of Greenwood in White River Township in Johnson County

Near Greenwood, White River Township, Johnson County
